What is the Purpose of Today's Workshop?

- Get your input on the restoration goals for Los Peñasquitos Lagoon
- Develop a set of Project Goals that address your values
- Set of Project Goals & Objectives that form Basis for Restoration Alternatives

What is your task today?

- Work with your Breakout Group to review current Goals and Objectives
- Assure your Values are addressed in the Goals and Objective
  - Example: Preserving existing habitat vs. creating highly diverse habitat and extensive transitions zones
  - Example: Reducing mosquito habitat vs. preservation endangered species habitat
  - Example: Public Access vs. Public Safety

Workshop Focus

- Focus comments to modifying/refining or adding to the restoration goals and objectives
- Science and Engineering Aspects and Considerations will be brought in during Alternative Development in Future Workshops

How will your Comments be Heard?

- Decide what Topic Group (4 Groups) you will participate:
  - Habitat – 2 Groups (Goals 1,2,3,5,9)
  - Sustainability (long term viability of restoration – triple bottom line) (Goals 5,8,9,11)
  - Public Access/Safety & Cultural Resources (Goals 4,6,7,10)

How will your Comments be Heard?

- Participate in Group Discussion on Goals respectful of others
- After 20 Minutes – You can move to another Group and add to Discussion
- Comments will be captured by Recorder

How will Group Discussion Work?

- Facilitator will help each group:
  - Introductions
  - Review Goals under Group Topic
  - Facilitate Respectful Discussion on Capturing Values and Translating to Goals
  - Assign Group Recorder to Capture Comments
  - Participants to share your comments
  - Recorder to Share Comments to Larger Group at Wrap up

What are we here to accomplish today?

- Get your Input on the Restoration Goals and Objectives for Los Peñasquitos Lagoon
- Develop a set of Project Goals that address your values.
- OUTCOMES:
  - Modified/Refined Existing Goals
  - New Goals
  - Comments on Objectives
  - Parking Lot Issues
- Please provide e-mail/contact info to get workshop outcomes

Next Steps

- Outcomes of Workshop will be distributed – Please provide email
- Next Workshop in November 14 -7:00-9 PM
  - Begin developing restoration alternative components based on goals and objectives from Workshop 1
- Future Workshops
  - Components used to Develop Alternatives
  - Asses Alternatives Based on Goals and Objectives and Rank Alternatives
